## GOT MUCH GROUND

MANY ACRES ARE PLEDGED TO ALFALFA SEEDING.

## 250 AT NORMAL LECTURE

All the Meetings Well Attended and Much Interest Manifested at Each.

Four hundred and fifty-nine persons, by actual count, attended the six alfalfa meetings here Friday evening. The farmers were all interested in what the speakers had to tell them, and in turn the speakers and officials of the Burlington and International Harvester company were elated over the enthusiasm shown here. After the meetings they kept talking of the push that Maryville had, of the fine spirit of the people and of the good land around here. A large acreage was pledged for alfalfa; at the meeting on J. S. Miller's farm ninety-five acres were pledged, and good results were obtained at the other meetings.

The meeting with the largest attendance was at the Normal experiment station. There were 250 present there. The largest meeting in the country was at the farm of J. S. Miller, in the Rockford neighborhood, where seventy-five were present.

The special train pulled in at the Burlington depot at exactly 4 o'clock, and was met by sixteen autos. In these cars, belonging to Rev. C. R. Greene, A. J. Holt, John Lewis, J. D. Ford, Harold Bellows, George McMurray, C. G. McMillen, F. P. Robinson, L. C. Cook, Charles Kane, Byron Rhodes, Ed Costello, George Robb Ellison, Dr. Jesse Miller, W. F. Phares and Joseph Jackson, Jr., the speakers were immediately taken to the meeting places. J. B. Lamson, agriculturist for the Burlington, was taken to the Harmony meeting, where he spoke to forty people; Prof. D. H. Doane of the college of agriculture of the University of Missouri spoke to thirty at the farm of A. J. Holt; C. H. Allen addressed the meeting at Elmer Fraser's farm, where forty-eight were present; H. L. Eichling of Ames talked to sixteen farmers at Henry Wamsley's; W. R. Baughman held the meeting at the Normal, and M. L. Bowman, editor of the Corn Magazine, spoke to the crowd at the farm of J. S. Miller.

P. G. Holden was to have spoken at the meeting on the Miller farm, as the largest attendance had been previously pledged there. He was suddenly called to Ohio Thursday night, however, and could not come to Maryville. Mr. Bowman, a thoroughly competent man, who has worked a great deal with Holden, took his place. Mr. Bowman spoke for Mr. Holden at a corn meeting at the Chautauqua here five or six years ago, when Mr. Holden had suddenly taken sick at that time. Pickering, not to be left out, sent C. G. McMillen to Maryville with his car to get a speaker. He took Charles M. Carroll to Pickering to lecture to the farmers there. Mr. Carroll joined the train again at Hopkins.

Most of the farmers at the meetings know of the value of alfalfa as a feed and soil builder, so the speakers did not dwell long on that. Their main points were on the preparation of the soil and planting of the crop so that a yield of four and five tons to the acre could be had instead of the average two and one-half ton yield now taken from the fields here.

First of all, they said that a test must be made to determine whether the soil is sweet or sour; that is, whether or not it contains plenty of lime or is lacking in lime. This is a simple experiment, and is done by pouring a little of any acid, muriatic, sulphuric, etc., on the soil. If bubbles appear, lime is present. If not, the soil is sour. In the latter case crushed limestone is the best remedy that can be had.

Next the soil must be inoculated with bacteria which feed on nitrogen. This is best done by going to a sweet clover patch which is inoculated with this bacteria. Strong, healthy legumes or nodules on the roots of the clover

show that the bacteria are present. Then scrape off the two or three inches of top soil from the clover patch and spread from 200 to 300 pounds of it on each acre of the alfalfa field. This will inoculate the soil for as long as the field is kept in alfalfa.

These were the two essential points of the talks. The selection of seed, methods of plowing, discing, draining and such were other things discussed.

Although the train was scheduled to leave Maryville at 6 o'clock, it did not pull out until 6:30. Supper was served on the diner while the run was being made to Hopkins. During the meal each speaker tried to tell a bigger story about the success of his meeting than the other fellow. For instance, M. L. Bowman told and retold of the large crowd at Miller's, but he placed most emphasis on the tables loaded with ice cream, cake and pop. C. H. Allen told of the fine exhibit at the Fraser farm, showing alfalfa specimens which had grown under different conditions. All the men spoke of Maryville as the best town of its size they had been in.

At Hopkins good meetings were held also. Nearly 200 were at the meeting in Hopkins, and the country meetings had good attendance, considering the fact that everyone in that section was thrashing late. The average of the country meetings was twenty-five. At one of them, held just across the line in Iowa, almost 100 acres were pledged to be put in alfalfa this fall.

At this meeting the speaker, in telling of the work being done in Missouri, said:

"You men live in the best farming state in the country, and this part of Iowa is noted for its corn, but I want to tell you that the best corn and crops of all kinds which we have seen on this trip in Iowa, Illinois, or any place are to be found in Northwest Missouri. That is a fine country, and they are doing great things with it."

The train stayed in Hopkins all night, the men sleeping in the private Pullman, and this morning the party went to Bedford, the first stop of the day.

## MAKES ABOUT \$1,100 A YEAR.

That is the Salary of the Mayor of Maryville, Since He is Also the Police Judge.

Some time ago the city council made efforts to reduce the salary of the mayor of Maryville from \$500 to \$200, but they met with some opposition and the proposition was defeated. After that they abolished the office of police judge and put the duties of the office on the mayor. And now with the mayor's salary being \$500 a year as executive of the city, the mayor also received about \$600 a year as police judge, making a salary of \$1,100 a year. However, Mayor Robey is giving all of his time in attending to the needs of the city.

## WAS A BUSY MONTH.

For the Police Court of Maryville—Thirty-Three Cases of Drunkenness Up in Court.

July was a busy month in the city police court, and as a result of thirty-three cases of drunkenness and disturbing the peace, one case of exceeding the speed limit, and one case of driving over the fire hose, the city treasurer is \$59 richer. The police court also did a big business in June.

Mrs. O. P. Wade went to St. Joseph Saturday morning to visit her daughter, Mrs. Zella Tribble.

## PAVING ORDERED IT'S A LONG LIST

MARKET FROM FIRST TO THIRD AND ONE ALLEY.

## NO SIDEWALK FOR MAIN

Petition Tabled Until School Board Can Be Heard From—Will Sue Poll Tax Delinquents.

At the city council meeting Friday evening ordinances were adopted ordering that Market street from First to Third be paved, and also the alley between Main and Market and Second and Third streets. City Engineer Flynt was instructed to prepare the plans and specifications for the paving.

Two sidewalk petitions were tabled by the council. One was for Main street on the east side, from Sixth street to Lawn avenue. The petition, however, will probably come up at a later date and will be granted, but the matter was put off Friday night, as the school board's consent is wanted before the sidewalk is built. The other sidewalk petition tabled was for Halasey street north to Mattie street.

The street commissioner was ordered to go ahead and build the sidewalks that have been ordered in and are not yet constructed. The city will build the sidewalk and charge it against the property.

The city intends to sue a large number of people who have failed and some who have refused to pay their poll tax.

The colored people were granted the use of the streets for Wednesday, August 6, the colored celebration day.

The council retained W. E. Wiles as one of their attorneys in the case of Price against the city. His fee is to be not over \$50. Wiles recently left Maryville and is now located in Cherokee, Okla.

A party composed of Mayor Robey and two members of the council will go to Shenandoah, Ia., soon to make an inspection of the Economy flusher. The company is paying the expenses of the members of the party.

The city paid off this morning \$2,000 paving bonds. They now have \$5,500 more of these bonds to pay off, being the only bonded indebtedness of the city, with the exception of the \$100,000 water bond issue.

## MET WITH AN ACCIDENT.

Auto Struck a Bump, Throwing Mrs. Hall of Tarkio to Top and Breaking Her Nose.

Mr. and Mrs. John Nichols of Kansas City and Mrs. M. H. Hall of Tarkio were driving toward Maryville Friday evening in Mr. Nichols' car, intending to take supper with Mr. and Mrs. H. L. Raines and then continue their trip.

They were a little late and were driving fast, when about five miles south of town the car struck a bump. The shock threw Mrs. Hall against one of the bows in the top, breaking her nose. She was somewhat weakened by the loss of blood before Maryville could be reached and medical attention given her.

Word was sent to her husband at Tarkio, and he and his son Virgil came to Maryville. They took Mrs. Hall home this morning.

## RAINFALL FOUR INCHES.

That Amount of Rain for July and More Than We Have Had For the Past Three Julys.

The rainfall for the month of July amounted to 4 inches, according to Weather Observer Brink. Three and a half inches fell at one rain, being on July 6. However, the rainfall for July has been good, considering what it has been for the past three years in July. In 1912 it was 1.17 inches in July; in 1911 it was 3.37 inches, and in 1910 it was .88 of an inch, being the lightest rainfall of any July since the weather record has been kept. The heaviest rainfall was in 1907, when it was 12.37 inches, 6 inches of rain having fallen at one time. The next heaviest was in 1909, when the rainfall was 10.70.

## BIG SALE OF TICKETS.

Chautauqua Tickets Selling Fast—The Tents Are Here.

The "big top" will go up again next Tuesday. And it is a big top, for it is a full-fledged circus tent. It is the same one which was used at the Chautauqua last year and is 210x160 feet in dimensions. It will easily hold the largest crowds and extends far enough beyond the back seats to keep the sun off them.

This tent arrived this morning, and with it came some ninety other tents, camp, dining and restaurant tents. They will not be taken from the car until next Tuesday, when the work of putting up all the tents will begin.

The sale of the Chautauqua tickets has been large, many more sold than last year. Today is the last day tickets can be had for \$1.75. The Chautauqua is only a week off, the opening day being next Saturday.

## Report for July.

J. W. Morris, formerly of this city, but now assistant superintendent and clerk of the state free employment bureau at St. Joseph, sends the following as the report for the month of July of that bureau:

The state free employment bureau had a busy month in July. There were 537 applications for positions filed, 494 males and 43 females; 460 males and 40 females secured positions, making a total of 500 positions filled. This leaves only 37 applications unfilled.

We also had 544 applications for help; 475 applications for male help and 69 applications for female help.

We had an increase of 136 applications filed this month over the month of June. We also filled 168 more positions in July than we filled in June.

## Was Arraigned at St. Joseph.

According to the St. Joseph News-Press Frank Bradbury, 17 years old, arrested in Maryville, was arraigned before Justice Flynn this forenoon on a charge of embezzlement and August 7 was set for his preliminary hearing. Bradbury is accused of having appropriated for his own use \$26, the property of J. J. Heeney, 2615 Monterey street, by whom he was employed. The alleged offense occurred November 14 last. Bradbury left St. Joseph soon afterward, it is said, and was not located until a few days ago.

## The Library Report.

The report of the public library for the month of July shows that reading at that institution was lighter than it was a year ago. The total number of books and magazines loaned was 1,647, with a daily average of 61.

Total readers in rooms was 2,957, a daily average of 66.

Readers' cards issued numbered 26. Compared with July, 1912, the decrease in circulation was 265, the increase in attendance 274.

Mrs. J. J. Ridgell and Frances Stromery of Kansas City, who have been visiting Mrs. W. H. Whitney in the South Methodist flats, returned home Saturday morning.

## News of Society and Womens' Clubs

### Will Go Next Wednesday.

Miss Sara McMaster went to Hopkins Saturday to visit home folks until Wednesday, when she will leave in company with Miss Mary Hughes of this city on their trip to the east.

### Slides For the Children.

The Mothers' Circle has ordered the slides for the playgrounds at the Jefferson school and they will be in place and ready for the children's pleasure by the opening of school.

### Entertained at Dinner.

Mr. and Mrs. Charles Stafford of near Pickering entertained at 6 o'clock dinner Thursday Misses Beulah and Crystal Everhart, Miss Edith Jones, Miss Maude Tarpley of Maryville, Miss Mildred Stafford and Mr. Ernest Stafford.

### Next Meeting With Miss Ashford.

The Ladies' Aid society of the Buchanan Street Methodist church held a very pleasant business and social meeting Friday afternoon at Elm Ridge farm, the home of Mrs. J. J. Pyle, one mile north of town. The next monthly meeting will be held with Miss Eva Ashford.

### Entertained For Guest.

Clifford Rice, living south of town, entertained a number of his friends Friday afternoon in honor of Roy and Mac Shepard of Kansas City, who are visiting at the home of Mr. and Mrs. Will Hoshor. Games were played, after which refreshments were served. Those present beside the host and the honored guest were Emilyn and Neola Sexton, Etta Conklin, Emma and Laura Hoshor, Helen and Alene Boiin, Erma Long, Ruby Rice, Howard Thompson, Clyde Conklin and Gerald Thompson.

### Thinks Them a Jolly Bunch.

Maryville girls, this is what appeared in the Ravenwood Gazette this week. Read, then look to your laurels:

Tuesday night a jolly bunch of boys from Maryville arrived here in an auto. There were five in the party, Ross Scott, Fred Lewis, John Mutz, Clun Price and Herschel Colbert. While here the two former called on two of our young ladies, while the other three, motherless and forsaken, wandered about town, trying to eat all the brick cheese and drink the red pop that the restaurant had on hand. Lucky for Mr. Colbert he found his way to the Gazette office and spent several hours chatting with the editor. Come again, boys.

### Bon Bon Girls Entertained.

The girls of the Bon Bon bunch gave a progressive luncheon Thursday evening. They were entertained for the first course at the home of Miss Meriem Holt, with Miss Holt and Miss Brownie Helpley as hostesses. On arriving the guests were given small handpainted menu booklets. The hostesses served grape juice and wafers, and after a social time all proceeded to the home of Miss Vella Booth, where sandwiches and pickles were served, with Miss Booth and Miss Olivette Godsey as hostesses. Miss Mary Lewis' home was next visited. A color scheme of pink and white was carried out here in decoration and luncheon, which consisted of fruit salad with whipped cream and wafers. The guests then went to the home of Miss Vijuene Colden, where the remainder of the evening was spent and where pineapple ice cream and cake were served after many games. Those in the party were Misses Meriem Holt, Brownie Helpley, Olivette Godsey, Vella Booth, Mary Lewis, Amy Clark, Vijuene Colden, Messrs. Vern Pickens, Paul Thompson, Phil Colbert, Irvin Harris, Aubrey Lyle, John Murrin and Lawrence Keeler.

### The Annual Meeting.

The annual meeting and picnic luncheon held by the Woman's Missionary society of the First Baptist church Friday afternoon on the church lawn was well attended. The devotional services were led by Mrs. S. A. Helwig; subject, "Greater Individual Consecration to God's Work," with Scriptural instances from both the Old and New Testaments on that theme. During the business meeting the annual reports of the president, secretary, treasurer, collector, librarian and flower committee were heard and the following officers for the ensuing year were chosen: Mrs. Eugene Ogden and Mrs. J. M. Ringgold succeeded themselves as president and first vice president; Mrs. Clark Andrews, second vice president; Mrs. S. A. Helwig, third vice president; Mrs. G. W. Hempstead, treasurer; Mrs. Alex Fraser, collector; Mrs. H. L. Raines, pianist; Mrs. William Everhart, chorister; Mrs. Omar Catterson, librarian; Mrs. W. A. Bailey, flower committee. The social hour during the picnic was highly enjoyed. The visitors were Mrs. J. B. Thomas of LaHarpe, Kan., the guest of Mrs. G. B. Holmes; Mrs. Geo.

Meek, Mrs. Thomas Wiles, Mrs. W. R. Hughes, Mrs. Charles Thorp, Mrs. L. S. Yeo and daughter, Mrs. Drew Protzman and children, Mrs. Harry Allen, Mrs. Piper and Mrs. Kisser.

### Her Fifth Birthday.

Mrs. Scribner Beech, Jr., gave a pretty outdoor party Friday afternoon for the little friends of her daughter, Elizabeth, to observe her fifth birthday anniversary. The honor guest received her friends on the porch, which was decked in clover blossoms, sunflowers and potted plants. Punch was served from a small table, containing Elizabeth's little punch bowl and cups, by Margaret Louise Hosmer, assisted by Mary Catherine Curnutt and Lucile Gaugh. The table was covered with a pretty hand-embroidered linen cloth, and around the table were clover blossoms and sunflowers. After all were served several outdoor games were played, such as drop the handkerchief. Another form of amusement was the hunt for peanuts attached to a maze of strings fastened across the walk. After the games Elizabeth cut her birthday cake on the porch and served it to her friends, and afterward her mother, assisted by Mrs. U. I. Willson, Mrs. George R. Eaton and Mrs. George P. Wright, served them ices and animal cookies. Just before time to leave the guests were much astonished to see a perfectly lovely Japanese lady come and take her place on the porch and serve real Jap tea to them in little Jap cups. She turned out to be Elizabeth's grandmother, Mrs. Scribner Beech, Sr., who added that delightful part of the afternoon to Elizabeth's unbounded enjoyment. Then when all were getting ready to depart and were wishing the honor guest a hundred or more lovely birthdays, Elizabeth's mother came with a big wicker basket, prettily covered to look like the pie that the four and twenty blackbirds were in, and when it was opened each received a little Jap parasol tied with red ribbon. There were three out-of-town guests, Ethel Martha Condon of Trinidad, Col., who is visiting her grandparents, Mr. and Mrs. W. W. Glass, and Charles Edward and George Sturm of Oklahoma City, Okla., who are visiting their grandparents, Mr. and Mrs. N. Sturm and Mr. and Mrs. C. Q. Smith. The other guests were Esther Roseberry, Eva Margaret Frank, Virginia Belle Dean, Margaret Louise Homer, Louise Combs, Lucille Gaugh, Virginia and Mary Catherine Curnutt, Laura Margaret Raines, Beverly Alice Martin, Mayme Grems, Virginia Curfman, Harriett Miller.

## Communication

### A Warning.

Editor Democrat-Forum: We received by wireless a message stating that a number of men and boys of Parnell, a few from Ravenwood and several from Maryville congregate on Platte river, near the Lanning mill site, some times through the week days, and invariably on Sunday, for the purpose of gambling, and have stakes as high as \$20 at a game. One man won over \$200 in one day. They also have beer on ice and give it to minors, all of which is against the dignity and peace of the state of Missouri. The aforesaid men and boys are very likely to get into trouble if the gambling is not stopped. The good people of Jackson township are very much incensed over the affair and hope it will stop before the law will be called on to stop it.

### Suffered Eczema Fifty Years—Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin disease known as "tetter"—another name for eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure.

Mrs. D. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists, or by mail, 50c. PFEIFFER CHEMICAL CO.

# A STRAIGHT TALK TO THE MEN WHO PAY THE BILLS

Why should you pay the highest possible price for the discomfort, drudgery and fuel waste of an inefficient furnace?

Most any furnace will produce a certain amount of heat, but the furnace desired is one that will produce the greatest possible amount of heat at the lowest possible cost, and conserve that heat to the exact points to be heated.

Before buying investigate. We want to show you the patented features of the XXth Century, which cannot be had in any other furnace.

There are no "imitations" nor "just as good." There are many XXth Century furnaces being used in Maryville. Ask about them.

## SENATE IS DONE WITH MULHALL

"Lobbyist" to Appear Before  
House Committee Next Week.

### WATSON TO TESTIFY MONDAY.

Former Representative Expected to  
make Vigorous Presentation of His  
Case to Inquisitors of Upper Body.  
Manufacturers to Be Heard.

Washington, Aug. 2.—The lobby committee completed the examination of Martin M. Mulhall, "ex-lobbyist" for the National Association of Manufacturers, and the grilling of that individual will be transferred early next week to the house end of the capitol. Chairman Garrett of the house committee announced that the examination of Mulhall by his committee would begin Tuesday or Wednesday.

The house investigation, it is believed, will produce more bitterness even than has characterized the senate investigation, which has been devoted largely to the routine reading of letters in which reference was made to Mulhall's alleged relations with members of congress.

### Examination Brief.

The senate committee released Mulhall after only a brief examination by attorneys for the National Association of Manufacturers and with but little cross examination from the committee.

Chairman Garrett and his associates on the house side propose to begin with a searching examination of the witness. The letters will be identified "in bulk" as they were presented to the senate committee and Mulhall will then be put upon a direct examination as to his alleged activities in legislative matters and elections.

"We will first take up his charges affecting members of the present house," said Chairman Garrett, "then his reference to members of former congresses and to employees of congress, and finally his alleged connection with matters of legislation."

### Watson to Testify Monday.

Former Congressman Watson of Indiana, the target for much of Mulhall's attack before the senate committee, will take the witness stand before the senate committee Monday morning. Watson has denounced Mulhall in strong terms since the investigation began and he is expected to make a vigorous presentation of his case on the witness stand.

Officers of the National Association of Manufacturers who have been named in the Mulhall letters as engaged in a general effort to control elections and legislation will also be heard next week.

### HOUSE TABLES KAHN MOTION

Diggs and Caminetti Debate Closes  
With Fireworks Speeches.

Washington, Aug. 2.—The Diggs-Caminetti debate in the house wound up with Republican Leader Mann delivering a hot attack on the administration and Attorney General McReynolds for postponement of prosecutions and Chairman Clayton of the judiciary committee replying with a spirited defense. The galleries were crowded, but Mr. Mann minced no words.

"The Republicans have fallen down utterly in their attempt to make a scandal out of this case," Clayton said. "They have not been sustained by the facts, so the gentleman from Illinois adopts the tactics of a police court lawyer and weeps his way out of court."

The house tabled Representative Kahn's resolution calling for information which Attorney General McReynolds already has supplied, 93 to 57.

### TERRIFIC STORM EAST

heavy Rains Do Damage of \$100,000  
in Pennsylvania.

Stroudsburg, Pa., Aug. 2.—Stroudsburg and the Delaware Gap were the center of a storm that is said to have been unprecedented in this section of the state. Seven and one-half inches of rain fell, doing damage estimated at more than \$100,000. No lives have been reported lost.

Manunka Chunk, Pen Argyl, Portland and Bangor were among the other towns to suffer severely. The railroads were the heaviest losers. Miles of track were washed out.

### Road From Northport Planned.

Greeley, Colo., Aug. 2.—Nebraska capitalists are behind a road, projected to run from Northport, Neb., south to Pine Bluff and Grover in the Briggsdale district of Wyoming, according to B. W. Trick, a surveyor, who was here in the interests of the Nebraska m. n. whose names he refused to disclose. Trick said that the Nebraska capitalists are backed by a strong syndicate of London bankers.

### Mother and Son in Swimming Contest.

Kansas City, Aug. 2.—A mother and her son will be among the score of contestants in the annual swimming marathon of the Missouri Canoe club on the Missouri river next Wednesday. Mrs. L. A. Bacher entered her name in the marathon. Her son, Cary, aged twenty-one, has had his entry in for several weeks.

### Astor Inheritance Tax \$2741,833.

New York, Aug. 2.—William Vincent Astor will pay the state of New York a tax of \$2,741,833 on his inheritance of \$88,959,599 from the estate of his father, the late John Jacob Astor.

FAVORS WAR OF  
EXTERMINATION

Rebels Will Reject Peace Proposals, Say Carranza.

## WON'T HEAR OF MEDIATION

Rebel Chief Declares Fight Will Go On Until "Usurper" and His Partisans Are Wiped Out—No Pressure on United States, Says Bryan.

Eagle Pass, Tex., Aug. 2.—Constitutionalists will not accept any proposals for mediation or peace between the warring Mexican factions, according to an announcement by Governor Venustiano Carranza, head of the movement. After assuring protection for Americans and other foreigners, Governor Carranza said:

"We will continue the war until the usurper, Huerta, and his partisans are exterminated.

"The retirement of Huerta and the elevation to power of some other person acceptable to both factions, making possible the holding of elections, would only mean the temporary suspension of the revolution without solving the important economic, political and social problems which are involved in the armed revolution."

"Equal treatment for both sides from the United States would be the most prudent course and would shorten very much the armed conflict."

## Hopeful of Peace.

Washington, Aug. 2.—Developments in the Mexican situation were confined to efforts on the part of the administration to prevent unnecessary agitation over the revolution. So far as the United States is informed, both the federal and constitutionalists are complying with the desire of the American government for the protection of foreigners and their property and there is a hopeful feeling manifested in official circles that efforts of influential Mexicans to bring about peace may be successful.

In the meantime President Wilson and his advisers are opposed to any attempt to force the American government into any hasty declaration of policy.

After a conference with President Wilson, Secretary Bryan declared the United States was in no way being pressed for action in Mexico by European governments.

The house foreign affairs committee decided to ask Ambassador Henry Lane Wilson to appear and outline his views on Mexico. The ambassador may meet the committee.

## Economical.

"Of course, I want my daughter to have some kind of artistic education. I think I'll let her study singing."

"Why not art or literature?"

"Art spoils canvas and literature wastes reams of paper. Singing merely produces a temporary disturbance of the atmosphere."—New York Herald.

## Knowledge by the Foot.

Information was formerly measured by the page; it may soon be computed by the foot. One motion picture firm is sending out letters announcing that it has in stock 10,000 feet of architecture, 30,000 feet of science, and 90,000 feet of geography.—World's Work.

## Called to Sick Mother.

Mrs. J. J. Green of the Harmony neighborhood left for Lenexa, Kan., Saturday morning on account of the illness of her mother, Mrs. M. L. De-weese.

## To Add to Building.

An addition of two rooms is to be built to the Skidmore school building. They will be 16x12 feet. The proposed improvement will cost in the neighborhood of \$800.

## Visiting His Brother.

Frank Goeke, a traveling salesman of Edina, Mo., is here to visit over Sunday with his brother, Ed Goeke, the shoemaker at the Bee Hive shoe store.

## Are in the City.

Jesse Bever of Burlington Junction and Tom McGarry of Clyde were in the city on Saturday.

Mr. and Mrs. W. A. Griffey of St. Joseph, who have been visiting Mr. and Mrs. J. E. Roberts, left for their home Saturday morning.

Mrs. Charles Butler returned home Saturday noon from a two days' visit with Mrs. Charles Strawn, who remains quite ill.

Mr. and Mrs. F. J. Yeomans went to Hopkins Friday night to visit Mr. Yeomans's mother, Mrs. S. J. Yeomans, over Sunday.

Mrs. George R. Eaton went to Barnard Saturday morning to visit Mr. Eaton's father, C. H. Eaton, and family.

Mr. and Mrs. Albert Lund and son of Shenandoah are visiting Mrs. Mary Lund and Mrs. John Stundon.

## WON ONE OF THE PRIZES.

Barnard Girl's Letter in Missouri Ruralist Received the First Prize From That Paper.

A Barnard girl, Lois Wood, age 17, received first prize from the Missouri Ruralist, a farm paper, for having written the best letter for that publication. Her letter is about what we need to know, and is as follows:

Education does not consist merely in book knowledge, but in practical truths that confront us every day, as well. In making this statement I do not wish to convey the idea that the knowledge we receive from books is non-important, in fact the book knowledge is the form to which the term education is usually applied. I wish, rather, to convey the idea that both forms of education are desirable.

When we speak of a certain boy or young man taking a course in an agricultural college, there are those who will say the boy's father could teach him more about farming at home than he will learn by the new methods in an agricultural college. Yet this same father would not be willing to farm just as his father did, with the inferior implements and methods of the past.

As the value of our land increases it is necessary to find some method by which more products of better quality can be produced per acre. Boys on a farm need an agricultural education if that is the line of work they expect to follow.

Every boy and girl should have an opportunity to acquire an education and should be instructed as to the best course. Every rural boy and girl needs to know about their surroundings. They need training in all the different kinds of work to be found on the farm.

The daughter should know how to cook, sew, wash dishes, scrub, raise poultry and all the other things necessary to make a model farmer's wife. For the purpose we have domestic science, sewing circles and other establishments.

It is always embarrassing not to know how to perform some simple household duty. One girl of my acquaintance, whose mother was suddenly called from home, discovered that there was no bread for the supper table. She was extremely annoyed when she reflected that she knew nothing whatever of making biscuits and was compelled to undergo the humiliating ordeal of calling a neighbor. She had learned from books but had not learned many of the necessary things taught in the kitchen or domestic science schools.

So with the son. He should know how to care for the stock, and how to plant and tend a crop so that the best yield may be had. In fact, every farmer boy and girl needs to know how to best manage the farm and the farm home. For the farm is where their lives will be spent and where they may or may not enjoy life according to their ability to manage, due largely to their education.

## Residence Near Guilford Burned.

The residence of Mr. and Mrs. Charles A. Miller, living seven miles southeast of Guilford, burned about noon Thursday, about the time that the residence of Mrs. Eliza Morris, another resident of near Guilford, burned. The loss to the Millers is over \$1,500.

Mrs. Miller had gone to King City in the car to attend the Auto Day festivities, intending to return early in the afternoon. She left bread baking in the oven, with enough fire to finish baking it. It seems that the flue was defective, for the heat from the fire and extremely hot weather that day caused a fire to start in the flue. Mr. Miller was at work in a field some distance from the house, which was in flames before he knew of the fire.

## Off on Vacation Visit.

Kenneth Van Cleve left Thursday on a vacation visit until the opening of school. He is now visiting his grandparents at Moberly, and will go from there to LaGrange to visit his grandfather, Mr. J. N. Hagood. He will go to LaGrange from St. Louis, taking the Mississippi river trip of a day and night. Kenneth will be joined later by his brother, William Van Cleve.

## Death at Graham.

Discoe Force of Graham, who had been ill for nine years, died Saturday afternoon at 1:30 at his home in that place. No arrangements have been made for the funeral. Mr. Force was 61 years old and is survived by his wife and six children, Volley Force, Roy Force, Clarence Force and Oren Force, Mrs. Clara Blacketer, Misses Ethel and Esta Force, all of Graham.

Joseph P. Brown, a Kansas City traveling salesman, has been in Maryville a week disabled by an ulcerated tooth, at the home of Mr. and Mrs. Fred Hastings. Mr. Brown went home Saturday morning.

LIVED ON  
RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles."

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, I did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been a successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

## NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that the undersigned, W. A. Blagg, administrator of the estate of Elizabeth Barclay, deceased, will make final settlement of his accounts with said estate as such administrator at the next term of the probate court of Nodaway county, Missouri, to be held at Maryville, in said county, on the 11th day of August, A. D. 1913.

## GOT MUCH GROUND

MANY ACRES ARE PLEDGED TO ALFALFA SEEDING.

## 250 AT NORMAL LECTURE

All the Meetings Well Attended and Much Interest Manifested at Each.

Four hundred and fifty-nine persons, by actual count, attended the six alfalfa meetings here Friday evening. The farmers were all interested in what the speakers had to tell them, and in turn the speakers and officials of the Burlington and International Harvester company were elated over the enthusiasm shown here. After the meetings they kept talking of the push that Maryville had, of the fine spirit of the people and of the good land around here. A large acreage was pledged for alfalfa; at the meeting on J. S. Miller's farm ninety-five acres were pledged, and good results were obtained at the other meetings.

The meeting with the largest attendance was at the Normal experiment station. There were 250 present there. The largest meeting in the country was at the farm of J. S. Miller, in the Rockford neighborhood, where seventy-five were present.

The special train pulled in at the Burlington depot at exactly 4 o'clock, and was met by sixteen autos. In these cars, belonging to Rev. C. R. Greene, A. J. Holt, John Lewis, J. D. Ford, Harold Bellows, George McMurray, C. G. McMillen, F. P. Robinson, L. C. Cook, Charles Kase, Byron Rhodes, Ed Costello, George Robb Ellison, Dr. Jesse Miller, W. F. Phares and Joseph Jackson, Jr., the speakers were immediately taken to the meeting places. J. B. Lamson, agriculturist for the Burlington, was taken to the Harmony meeting, where he spoke to forty people; Prof. D. H. Doane of the college of agriculture of the University of Missouri spoke to thirty at the farm of A. J. Holt; C. H. Allen addressed the meeting at Elmer Fraser's farm, where forty-eight were present; H. L. Eichling of Ames talked to sixteen farmers at Henry Wamsley's; W. R. Baughman held the meeting at the Normal, and M. L. Bowman, editor of the Corn Magazine, spoke to the crowd at the farm of J. S. Miller.

P. G. Holden was to have spoken at the meeting on the Miller farm, as the largest attendance had been previously pledged there. He was suddenly called to Ohio Thursday night, however, and could not come to Maryville. Mr. Bowman, a thoroughly competent man, who has worked a great deal with Holden, took his place. Mr. Bowman spoke for Mr. Holden at a corn meeting at the Chautauqua here five or six years ago, when Mr. Holden had suddenly taken sick at that time.

Pickering, not to be left out, sent C. G. McMillen to Maryville with his car to get a speaker. He took Charles M. Carroll to Pickering to lecture to the farmers there. Mr. Carroll joined the train again at Hopkins.

Most of the farmers at the meetings know of the value of alfalfa as a feed and soil builder, so the speakers did not dwell long on that. Their main points were on the preparation of the soil and planting of the crop so that a yield of four and five tons to the acre could be had instead of the average two and one-half ton yield now taken from the fields here.

First of all, they said that a test must be made to determine whether the soil is sweet or sour; that is, whether or not it contains plenty of lime or is lacking in lime. This is a simple experiment, and is done by pouring a little of any acid, muriatic, sulphuric, etc., on the soil. If bubbles appear, lime is present. If not, the soil is sour. In the latter case crushed limestone is the best remedy that can be had.

Next the soil must be inoculated with bacteria which feed on nitrogen. This is best done by going to a sweet clover patch which is inoculated with this bacteria. Strong, healthy legumes or nodules on the roots of the clover

show that the bacteria are present. Then scrape off the two or three inches of top soil from the clover patch and spread from 200 to 300 pounds of it on each acre of the alfalfa field. This will inoculate the soil for as long as the field is kept in alfalfa.

These were the two essential points of the talks. The selection of seed, methods of plowing, discing, draining and such were other things discussed.

Although the train was scheduled to leave Maryville at 6 o'clock, it did not pull out until 6:30. Supper was served on the dinner while the run was being made to Hopkins. During the meal each speaker tried to tell a bigger story about the success of his meeting than the other fellow. For instance, M. L. Bowman told and retold of the large crowd at Miller's, but he placed most emphasis on the tables loaded with ice cream, cake and pop. C. H. Allen told of the fine exhibit at the Fraser farm, showing alfalfa specimens which had grown under different conditions. All the men spoke of Maryville as the best town of its size they had been in.

At Hopkins good meetings were held also. Nearly 200 were at the meeting in Hopkins, and the country meetings had good attendance, considering the fact that everyone in that section was threshing late. The average of the country meetings was twenty-five. At one of them, held just across the line in Iowa, almost 100 acres were pledged to be put in alfalfa this fall.

At this meeting the speaker, in telling of the work being done in Missouri, said:

"You men live in the best farming state in the country, and this part of Iowa is noted for its corn, but I want to tell you that the best corn and crops of all kinds which we have seen on this trip in Iowa, Illinois, or any place are to be found in Northwest Missouri. That is a fine country, and they are doing great things with it."

The train stayed in Hopkins all night, the men sleeping in the private Pullman, and this morning the party went to Bedford, the first stop of the day.

## MAKES ABOUT \$1,100 A YEAR.

That is the Salary of the Mayor of Maryville, Since He is Also the Police Judge.

Some time ago the city council made efforts to reduce the salary of the mayor of Maryville from \$500 to \$200, but they met with some opposition and the proposition was defeated. After that they abolished the office of police judge and put the duties of the office on the mayor. And now with the mayor's salary being \$500 a year as executive of the city, the mayor also received about \$600 a year as police judge, making a salary of \$1,100 a year. However, Mayor Robey is giving all of his time in attending to the needs of the city.

## WAS A BUSY MONTH.

For the Police Court of Maryville—Thirty-Three Cases of Drunkenness Up in Court.

July was a busy month in the city police court, and as a result of thirty-three cases of drunkenness and disturbing the peace, one case of exceeding the speed limit, and one case of driving over the fire hose, the city treasurer is \$59 richer. The police court also did a big business in June.

Mrs. O. P. Wade went to St. Joseph Saturday morning to visit her daughter, Mrs. Zella Tribble.

## PAVING ORDERED IT'S A LONG LIST

MARKET FROM FIRST TO THIRD AND ONE ALLEY.

## NO SIDEWALK FOR MAIN

Petition Tabled Until School Board Can Be Heard From—Will Sue Poll Tax Delinquents.

At the city council meeting Friday evening ordinances were adopted ordering that Market street from First to Third be paved, and also the alley between Main and Market and Second and Third streets. City Engineer Flynt was instructed to prepare the plans and specifications for the paving.

Two sidewalk petitions were tabled by the council. One was for Main street on the east side, from Sixth street to Lawn avenue. The petition, however, will probably come up at a later date and will be granted, but the matter was put off Friday night, as the school board's consent is wanted before the sidewalk is built. The other sidewalk petition tabled was for Halasey street north to Mattie street.

The street commissioner was ordered to go ahead and build the sidewalks that have been ordered in and are not yet constructed. The city will build the sidewalk and charge it against the property.

The city intends to sue a large number of people who have failed and some who have refused to pay their poll tax.

The colored people were granted the use of the streets for Wednesday, August 6, the colored celebration day.

The council retained W. E. Wiles as one of their attorneys in the case of Price against the city. His fee is to be not over \$50. Wiles recently left Maryville and is now located in Cherokee, Okla.

A party composed of Mayor Robey and two members of the council will go to Shenandoah, Ia., soon to make an inspection of the Economy flusher. The company is paying the expenses of the members of the party.

The city paid off this morning \$2,000 paying bonds. They now have \$5,500 more of these bonds to pay off, being the only bonded indebtedness of the city, with the exception of the \$100,000 water bond issue.

## MET WITH AN ACCIDENT.

Auto Struck a Bump, Throwing Mrs. Hall of Tarkio to Top and Breaking Her Nose.

Mr. and Mrs. John Nichols of Kansas City and Mrs. M. H. Hall of Tarkio were driving toward Maryville Friday evening in Mr. Nichols' car, intending to take supper with Mr. and Mrs. H. L. Baines and then continue their trip.

They were a little late and were driving fast, when about five miles south of town the car struck a bump. The shock threw Mrs. Hall against one of the bows in the top, breaking her nose. She was somewhat weakened by the loss of blood before Maryville could be reached and medical attention given her.

Word was sent to her husband at Tarkio, and he and his son Virgil came to Maryville. They took Mrs. Hall home this morning.

## RAINFALL FOUR INCHES.

That Amount of Rain for July and More Than We Have Had For the Past Three Years.

The rainfall for the month of July amounted to 4 inches, according to Weather Observer Brink. Three and a half inches fell at one rain, being on July 6. However, the rainfall for July has been good, considering what it has been for the past three years in July. In 1912 it was 1.17 inches in July; in 1911 it was 3.37 inches, and in 1910 it was .55 of an inch, being the lightest rainfall of any July since the weather record has been kept. The heaviest rainfall was in 1907, when it was 12.37 inches, 6 inches of rain having fallen at one time. The next heaviest was in 1909, when the rainfall was 10.70.

L. P. COLVIN, Secretary.

## BIG SALE OF TICKETS.

Chautauqua Tickets Selling Fast—The Tents Are Here.

The "big top" will go up again next Tuesday. And it is a big top, for it is a full-fledged circus tent. It is the same one which was used at the Chautauqua last year and is 210x160 feet in dimensions. It will easily hold the largest crowds and extends far enough beyond the back seats to keep the sun off them.

This tent arrived this morning, and with it came some ninety other tents, camp, dining and restaurant tents. They will not be taken from the car until next Tuesday, when the work of putting up all the tents will begin.

The sale of the Chautauqua tickets has been large, many more sold than last year. Today is the last day tickets can be had for \$1.75. The Chautauqua is only a week off, the opening day being next Saturday.

## Report for July.

J. W. Morris, formerly of this city, but now assistant superintendent and clerk of the state free employment bureau at St. Joseph, sends the following as the report for the month of July of that bureau:

The state free employment bureau had a busy month in July. There were 537 applications for positions filled, 494 males and 43 females; 460 males and 40 females secured positions, making a total of 500 positions filled. This leaves only 37 applications unfilled.

We also had 544 applications for help; 475 applications for male help and 69 applications for female help.

We had an increase of 136 applications filed this month over the month of June. We also filled 165 more positions in July than we filled in June.

## Was Arraigned at St. Joseph.

According to the St. Joseph News-Press Frank Bradbury, 17 years old, arrested in Maryville, was arraigned before Justice Flynn this forenoon on a charge of embezzlement and August 7 was set for his preliminary hearing. Bradbury is accused of having appropriated for his own use \$25, the property of J. J. Hooney, 2615 Monterey street, by whom he was employed. The alleged offense occurred November 14 last. Bradbury left St. Joseph soon afterward, it is said, and was not located until a few days ago.

## The Library Report.

The report of the public library for the month of July shows that reading at that institution was lighter than it was a year ago. The total number of books and magazines loaned was 1,647, with a daily average of 61.

Total readers in rooms was 2,957, a daily average of 66.

Readers' cards issued numbered 26. Compared with July, 1912, the decrease in circulation was 265, the increase in attendance 274.

Mrs. J. J. Ridgell and Frances Stromery of Kansas City, who have been visiting Mrs. W. H. Whitney in the South Methodist flats, returned home Saturday morning.

## REPORT OVER 200 CARS

Sewell & Carter 73 Overlands, Barmann Company 82, and Other Dealers Pushing Hard.

The Barmann Automobile company, Mason & Wilderman and George McMurray have sold 135 cars since the first of the year. Nine cars have been sold in the last two weeks.

The Barmann company have sold eighty-two cars, Fords, Jacksons and Richmonds. In the last week they have sold four Fords, a runabout each to D. D. Davis and M. T. Jackson, and a touring car each to L. Whitney and J. F. Thomas.

Mason & Wilderman sold yesterday to L. L. Kish of Rock Port a Studebaker "25," and to C. H. Kinman of Elmo a Studebaker "35." Their sales for the year have been twenty-nine cars. They had ordered 100 cars, but have had a hard time getting them because of strikes at the factory.

George McMurray has sold one Cadillac and thirteen Buicks this year. In the last two weeks he has sold cars to Clyde Lineville, Harry Farrar and Hugh Dempsey, all living in the country near Maryville.

## SOLD MANY CARS.

Sewell & Carter Have Disposed of 73 Overland Cars This Season—The Sales For This Week.

Sewell & Carter of Maryville and Burlington Junction have sold seventy-three Overland cars this season. The sales as reported by them for this week are as follows: Overland 45 to John Hansen of Graham; Velle 40 to Wm. Goodwin of Elmo; Overland, 1914 model, to Pleas Griffey of Burlington Junction; a Cadillac, 1914 model, to George Coler, Maryville. These people are now agents for the Cadillac, Overland, Velle and Winton cars.

### News of Society and Womens' Clubs

#### Will Go Next Wednesday.

Miss Sara McMaster went to Hopkins Saturday to visit home folks until Wednesday, when she will leave in company with Miss Mary Hughes of this city on their trip to the east.

#### Slides For the Children.

The Mothers' Circle has ordered the slides for the playgrounds at the Jefferson school and they will be in place and ready for the children's pleasure by the opening of school.

#### Entertained at Dinner.

Mr. and Mrs. Charles Stafford of near Pickering entertained at 6 o'clock dinner Thursday Misses Boulah and Crystal Everhart, Miss Edith Jones, Miss Maude Tarpley of Maryville, Miss Mildred Stafford and Mr. Ernest Stafford.

#### Next Meeting With Miss Ashford.

The Ladies' Aid society of the Buchanan Street Methodist church held a very pleasant business and social meeting Friday afternoon at Elm Ridge farm, the home of Mrs. J. J. Pyle, one mile north of town. The next monthly meeting will be held with Miss Eva Ashford.

#### Entertained For Guest.

Clifford Rice, living south of town, entertained a number of his friends Friday afternoon in honor of Roy and Mac Shepard of Kansas City, who are visiting at the home of Mr. and Mrs. Will Hoshor. Games were played, after which refreshments were served. Those present beside the host and the honored guest were Emily and Neola Sexton, Etta Conklin, Emma and Laura Hoshor, Helen and Alene Bolin, Erma Long, Ruby Rice, Howard Thompson, Clyde Conklin and Gerald Thompson.

#### Thinks Them a Jolly Bunch.

Maryville girls, this is what appeared in the Ravenwood Gazette this week. Read, then look to your laurels:

Tuesday night a jolly bunch of boys from Maryville arrived here in an auto. There were five in the party, Ross Scott, Fred Lewis, John Nutt, Clon Price and Herschel Colbert. While here the two former called on two of our young ladies, while the other three, motherless and forsaken, wandered about town, trying to eat all the brick cheese and drink the red pop that the restaurant had on hand. Lucky for Mr. Colbert he found his way to the Gazette office and spent several hours chatting with the editor. Come again, boys.

#### Bon Bon Girls Entertained.

The girls of the Bon Bon bunch gave a progressive luncheon Thursday evening. They were entertained for the first course at the home of Miss Meriem Holt, with Miss Holt and Miss Brownie Helpley as hostesses. On arriving the guests were given small handpainted menu booklets. The hostesses served grape juice and wafers, and after a social time all proceeded to the home of Miss Vella Booth, where sandwiches and pickles were served, with Miss Booth and Miss Olivette Godsey as hostesses. Miss Mary Lewis' home was next visited. A color scheme of pink and white was carried out here in decoration and luncheon, which consisted of fruit salad with whipped cream and wafers. The guests then went to the home of Miss Vijuene Colden, where the remainder of the evening was spent and where pineapple ice cream and cake were served after many games. Those in the party were Misses Meriem Holt, Brownie Helpley, Olivette Godsey, Vella Booth, Mary Lewis, Amy Clark, Vijuene Colden, Messrs. Vern Pickens, Paul Thompson, Phil Colbert, Irvin Harris, Aubrey Lyle, John Murrin and Lawrence Keeler.

#### The Annual Meeting.

The annual meeting and picnic luncheon held by the Woman's Missionary society of the First Baptist church Friday afternoon on the church lawn was well attended. The devotional services was led by Mrs. S. A. Helwig; subject, "Greater Individual Consecration to God's Work," with Scriptural instances from both the Old and New Testaments on that theme. During the business meeting the annual reports of the president, secretary, treasurer, collector, librarian and flower committee were heard and the following officers for the ensuing year were chosen: Mrs. Eugene Ogden and Mrs. J. M. Ringgold succeeded themselves as president and first vice president; Mrs. Clark Andrews, second vice president; Mrs. S. A. Helwig, third vice president; Mrs. G. W. Hempstead, treasurer; Mrs. Alex Fraser, collector; Mrs. H. L. Raines, pianist; Mrs. William Everhart, chorister; Mrs. Omar Catterton, librarian; Mrs. W. A. Bailey, flower committee. The social hour during the picnic was highly enjoyed. The visitors were Mrs. J. B. Thomas of LaHarpe, Kan., the guest of Mrs. G. B. Holmes; Mrs. Geo.

Meek, Mrs. Thomas Wiles, Mrs. W. R. Hughes, Mrs. Charles Thorp, Mrs. L. S. Yeo and daughter, Mrs. Drew Protzman and children, Mrs. Harry Allen, Mrs. Piper and Mrs. Risser.

#### Her Fifth Birthday.

Mrs. Scribner Beech, Jr., gave a pretty outdoor party Friday afternoon for the little friends of her daughter, Elizabeth, to observe her fifth birthday anniversary. The honor guest received her friends on the porch, which was decked in clover blossoms, sunflowers and potted plants. Punch was served from a small table, containing Elizabeth's little punch bowl and cups, by Margaret Louise Hosmer, assisted by Mary Catherine Currutt and Lucile Gaugh. The table was covered with a pretty hand-embroidered linen cloth, and around the table were clover blossoms and sunflowers. After all were served several outdoor games were played, such as drop the handkerchief. Another form of amusement was the hunt for peanuts attached to a maze of strings fastened across the walk. After the games Elizabeth cut her birthday cake on the porch and served it to her friends, and afterward her mother, assisted by Mrs. U. I. Willson, Mrs. George R. Eaton and Mrs. George P. Wright, served them ices and animal cookies. Just before time to leave the guests were much astonished to see a perfectly lovely Japanese lady come and take her place on the porch and serve real Jap tea to them in little Jap cups. She turned out to be Elizabeth's grandmother, Mrs. Scribner Beech, Sr., who added that delightful part of the afternoon to Elizabeth's unbounded enjoyment. Then when all were getting ready to depart and were wishing the honor guest a hundred or more lovely birthdays, Elizabeth's mother came with a big wicker basket, prettily covered to look like the pie that the four and twenty blackbirds were in, and when it was opened each received a little Jap parasol tied with red ribbon. There were three out-of-town guests, Ethel Martha Condon of Trinidad, Col., who is visiting her grandparents, Mr. and Mrs. W. W. Glass, and Charles Edward and George Sturm of Oklahoma City, Okla., who are visiting their grandparents, Mr. and Mrs. N. Sturm and Mr. and Mrs. C. Q. Smith. The other guests were Esther Roseberry, Eva Margaret Frank, Virginia Belle Dean, Margaret Louise Homer, Louise Combs, Lucile Gaugh, Virginia and Mary Catherine Currutt, Laura Margaret Raines, Beverly Alice Martin, Mayme Grems, Virginia Curfman, Harriett Miller.

### Communication

#### A Warning.

Editor Democrat-Forum: We received by wireless a message stating that a number of men and boys of Parnell, a few from Ravenwood and several from Maryville congregate on Platte river, near the Lanning mill site, some times through the week days, and invariably on Sunday, for the purpose of gambling, and have stakes as high as \$20 at a game. One man won over \$200 in one day. They also have beer on ice and give it to minors, all of which is against the dignity and peace of the state of Missouri. The aforesaid men and boys are very likely to get into trouble if the gambling is not stopped. The good people of Jackson township are very much incensed over the affair and hope it will stop before the law will be called on to stop it.

## A STRAIGHT TALK TO THE MEN WHO PAY THE BILLS

Why should you pay the highest possible price for the discomfort, drudgery and fuel waste of an inefficient furnace?

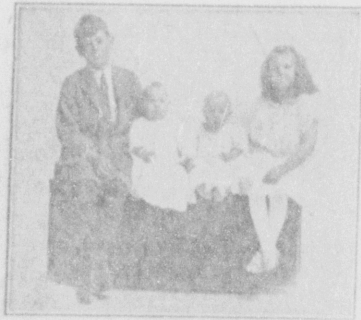

Most any furnace will produce a certain amount of heat, but the furnace desired is one that will produce the greatest possible amount of heat at the lowest possible cost, and conserve that heat to the exact points to be heated.

Before buying investigate. We want to show you the patented features of the XXth Century, which cannot be had in any other furnace.

There are no "imitations" nor "just as good." There are many XXth Century furnaces being used in Maryville. Ask about them.

## SENATE IS DONE WITH MULHALL

"Lobbyist" to Appear Before  
House Committee Next Week.

WATSON TO TESTIFY MONDAY.

Former Representative Expected to  
make Vigorous Presentation of His  
Case to Inquisitors of Upper Body.  
Manufacturers to Be Heard.

Washington, Aug. 2.—The lobby committee completed the examination of Martin M. Mulhall, "ex-lobbyist" for the National Association of Manufacturers, and the grilling of that individual will be transferred early next week to the house end of the capitol. Chairman Garrett of the house committee announced that the examination of Mulhall by his committee would begin Tuesday or Wednesday.

The house investigation, it is believed, will produce more bitterness even than has characterized the senate investigation, which has been devoted largely to the routine reading of letters in which reference was made to Mulhall's alleged relations with members of congress.

**Examination Brief.**  
The senate committee released Mulhall after only a brief examination by attorneys for the National Association of Manufacturers and with but little cross-examination from the committee. Chairman Garrett and his associates on the house side propose to begin with a searching examination of the witness. The letters will be identified "in bulk" as they were presented to the senate committee and Mulhall will then be put upon a direct examination as to his alleged activities in legislative matters and elections.

"We will first take up his charges affecting members of the present house," said Chairman Garrett, "then his reference to members of former congresses and to employees of congress, and finally his alleged connection with matters of legislation."

**Watson to Testify Monday.**  
Former Congressman Watson of Indiana, the target for much of Mulhall's attack before the senate committee, will take the witness stand before the senate committee Monday morning. Watson has denounced Mulhall in strong terms since the investigation began and he is expected to make a vigorous presentation of his case on the witness stand.

Officers of the National Association of Manufacturers who have been named in the Mulhall letters as engaged in a general effort to control elections and legislation will also be heard next week.

## HOUSE TABLES KAHN MOTION

Diggs and Caminetti Debate Closes  
With Fireworks Speeches.

Washington, Aug. 2.—The Diggs-Caminetti debate in the house wound up with Republican Leader Mann delivering a hot attack on the administration and Attorney General McReynolds for postponement of prosecutions and Chairman Clayton of the judiciary committee replying with a spirited defense. The galleries were crowded, but Mr. Mann minced no words.

"The Republicans have fallen down utterly in their attempt to make a scandal out of this case," Clayton said. "They have not been sustained by the facts, so the gentleman from Illinois adopts the tactics of a police court lawyer and weeps his way out of court."

The house tabled Representative Kahn's resolution calling for information which Attorney General McReynolds already has supplied, 93 to 57.

## TERRIFIC STORM EAST

Heavy Rains Do Damage of \$100,000  
in Pennsylvania.

Stroudsburg, Pa., Aug. 2.—Stroudsburg and the Delaware Gap were the center of a storm that is said to have been unprecedented in this section of the state. Seven and one-half inches of rain fell, doing damage estimated at more than \$100,000. No lives have been reported lost.

Manunka Chunk, Pen Argyll, Portland and Bangor were among the other towns to suffer severely. The railroads were the heaviest losers. Miles of track were washed out.

## Road From Northport Planned.

Greeley, Colo., Aug. 2.—Nebraska capitalists are behind a railroad, projected to run from Northport, Neb., south to Pine Bluff and Grover in the Big Horn district of Wyoming, according to B. W. Trick, a surveyor, who was here in the interests of the Nebraska men, whose names he refused to disclose. Trick said that the Nebraska capitalists are backed by a strong syndicate of London bankers.

**Mother and Son in Swimming Contest.**  
Kansas City, Aug. 2.—A mother and her son will be among the score of contestants in the annual swimming marathon of the Missouri Canoe club on the Missouri river next Wednesday. Mrs. L. d. Bachelier entered her name in the marathon. Her son, Cary, aged twenty-one, has had his entry in for several weeks.

**Astor Inheritance Tax \$2,741,833.**  
New York, Aug. 2.—William Vincent Astor will pay the state of New York a tax of \$2,741,833 on his inheritance of \$88,959,799 from the estate of his father, the late John Jacob Astor.

## FAVORS WAR OF EXTERMINATION

Rebels Will Reject Peace Proposals, Say Carranza.

## WON'T HEAR OF MEDIATION

Rebel Chief Declares Fight Will Go On Until "Usurper" and His Partisans Are Wiped Out—No Pressure on United States, Says Bryan.

Eagle Pass, Tex., Aug. 2.—Constitutionalists will not accept any proposals for mediation or peace between the warring Mexican factions, according to an announcement by Governor Venustiano Carranza, head of the movement. After assuring protection for Americans and other foreigners, Governor Carranza said:

"We will continue the war until the usurper, Huerta, and his partisans are exterminated."

"The retirement of Huerta and the elevation to power of some other person acceptable to both factions, making possible the holding of elections, would only mean the temporary suspension of the revolution without solving the important economic, political and social problems which are involved in the armed revolution."

"Equal treatment for both sides from the United States would be the most prudent course and would shorten very much the armed conflict."

## Hopeful of Peace.

Washington, Aug. 2.—Developments in the Mexican situation were confined to efforts on the part of the administration to prevent unnecessary agitation over the revolution. So far as the United States is informed, both the federal and constitutionalists are complying with the desire of the American government for the protection of foreigners and their property and there is a hopeful feeling manifested in official circles that efforts of influential Mexicans to bring about peace may be successful.

In the meantime President Wilson and his advisers are opposed to any attempt to force the American government into any hasty declaration of policy.

After a conference with President Wilson, Secretary Bryan declared the United States was in no way being pressed for action in Mexico by European governments.

The house foreign affairs committee decided to ask Ambassador Henry Lane Wilson to appear and outline his views on Mexico. The ambassador may meet the committee.

## Economical.

"Of course, I want my daughter to have some kind of artistic education. I think I'll let her study singing." "Why not art or literature?" "Art spoils canvas and literature wastes reams of paper. Singing merely produces a temporary disturbance of the atmosphere."—New York Herald.

## Knowledge by the Foot.

Information was formerly measured by the page; it may soon be computed by the foot. One motion picture firm is sending out letters announcing that it has in stock 10,000 feet of architecture, 30,000 feet of science, and 90,000 feet of geography.—World's Work.

## Called to Sick Mother.

Mrs. J. J. Green of the Harmony neighborhood left for Lenexa, Kan., Saturday morning on account of the illness of her mother, Mrs. M. L. Deeweese.

## To Add to Building.

An addition of two rooms is to be built to the Skidmore school building. They will be 18x12 feet. The proposed improvement will cost in the neighborhood of \$800.

## Visiting His Brother.

Frank Goeke, a traveling salesman of Edina, Mo., is here to visit over Sunday with his brother, Ed Goeke, the shoemaker at the Bee Hive shoe store.

## Are in the City.

Jesse Bever of Burlington Junction and Tom McGarry of Clyde were in the city on Saturday.

Mr. and Mrs. W. A. Griffey of St. Joseph, who have been visiting Mr. and Mrs. J. E. Roberts, left for their home Saturday morning.

Mrs. Charles Butler returned home Saturday noon from a two days' visit with Mrs. Charles Strawn, who remains quite ill.

Mr. and Mrs. F. J. Yeomans went to Hopkins Friday night to visit Mr. Yeomans's mother, Mrs. S. J. Yeomans, over Sunday.

Mrs. George R. Eaton went to Barnard Saturday morning to visit Mr. Eaton's father, C. H. Eaton, and family.

Mr. and Mrs. Albert Lund and son of Shenandoah are visiting Mrs. Mary Lund and Mrs. John Stundon.

## WON ONE OF THE PRIZES.

Barnard Girl's Letter in Missouri Ruralist Received the First Prize From That Paper.

A Barnard girl, Lois Wood, age 17, received first prize from the Missouri Ruralist, a farm paper, for having written the best letter for that publication. Her letter is about what we need to know, and is as follows:

Education does not consist merely in book knowledge, but in practical truths that confront us every day, as well. In making this statement I do not wish to convey the idea that the knowledge we receive from books is non-important, in fact the book knowledge is the form to which the term education is usually applied. I wish, rather, to convey the idea that both forms of education are desirable. When we speak of a certain boy or young man taking a course in an agricultural college, there are those who will say the boy's father could teach him more about farming at home than he will learn by the new methods in an agricultural college. Yet this same father would not be willing to farm just as his father did, with the inferior implements and methods of the past.

As the value of our land increases it is necessary to find some method by which more products of better quality can be produced per acre. Boys on a farm need an agricultural education if that is the line of work they expect to follow.

Every boy and girl should have an opportunity to acquire an education and should be instructed as to the best course. Every rural boy and girl needs to know about their surroundings. They need training in all the different kinds of work to be found on the farm.

The daughter should know how to cook, sew, wash dishes, scrub, raise poultry and all the other things necessary to make a model farmer's wife. For the purpose we have domestic science, sewing circles and other establishments.

It is always embarrassing not to know how to perform some simple household duty. One girl of my acquaintance, whose mother was suddenly called from home, discovered that there was no bread for the supper table. She was extremely annoyed when she reflected that she knew nothing whatever of making biscuits and was compelled to undergo the humiliating ordeal of calling a neighbor. She had learned from books but had not learned many of the necessary things taught in the kitchen or domestic science schools.

So with the son. He should know how to care for the stock, and how to plant and tend a crop so that the best yield may be had. In fact, every farmer boy and girl needs to know how to best manage the farm and the farm home. For the farm is where their lives will be spent and where they may or may not enjoy life according to their ability to manage, due largely to their education.

## Residence Near Guilford Burned.

The residence of Mr. and Mrs. Charles A. Miller, living seven miles southeast of Guilford, burned about noon Thursday, about the time that the residence of Mrs. Eliza Morris, another resident of near Guilford, burned. The loss to the Millers is over \$1,500.

Mrs. Miller had gone to King City in the car to attend the Auto Day festivities, intending to return early in the afternoon. She left bread baking in the oven, with enough fire to finish baking it. It seems that the flue was defective, for the heat from the fire and extremely hot weather that day caused a fire to start in the flue. Mr. Miller was at work in a field some distance from the house, which was in flames before he knew of the fire.

## Off On Vacation Visit.

Kenneth Van Cleve left Thursday on a vacation visit until the opening of school. He is now visiting his grandparents at Moberly, and will go from there to LaGrange to visit his grandfather, Mr. J. N. Hagood. He will go to LaGrange from St. Louis, taking the Mississippi river trip of a day and night. Kenneth will be joined later by his brother, William Van Cleve.

## Death at Graham.

Discoe Force of Graham, who had been ill for nine years, died Saturday afternoon at 1:30 at his home in that place. No arrangements have been made for the funeral. Mr. Force was 61 years old and is survived by his wife and six children, Volley Force, Roy Force, Clarence Force and Oren Force, Mrs. Clara Blacketer, Misses Ethel and Esta Force, all of Graham.

Joseph F. Brown, a Kansas City traveling salesman, has been in Maryville a week disabled by an ulcerated tooth, at the home of Mr. and Mrs. Fred Hastings. Mr. Brown went home Saturday morning.

## LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, at this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles."

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, I did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been a successful cure for more than 70 years. Try it. But be sure that it's "Thedford's."

## NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that the undersigned, W. A. Blagg, administrator of the estate of Elizabeth Barclay, deceased, will make final settlement of his accounts with said estate as such administrator at the next term of the probate court of Nodaway county, Missouri, to be held at Maryville, in said county, on the 11th day of August, A. D. 1913.
